### Relationships and Services

#### What Investment Services and Advice Can You Provide Me?

We offer investment advisory services to retail investors.

Asset Management Services: When providing these services on a discretionary basis, we will manage your assets while we continuously monitor your custodial accounts and provide you with continuous and ongoing supervision of your custodial accounts no less than on a semi-annual basis. When discretionary authority is granted via execution of our investment advisory agreement, we will have the limited authority to determine the type and number of securities to be purchased or sold for your portfolio without obtaining your consent for each transaction. For non-discretionary asset monitoring services, you make the ultimate decision regarding the purchase or sale of investments.

Financial Planning and Consulting Services: We will provide you with a detailed financial plan designed to achieve your stated financial goals and objectives.

Financial Education Seminars and Workshops: We offer various financial education workshops and seminars through local colleges and businesses for a fee. Classes include Retirement Planning, Estate Planning, Long-Term Care, and Social Security Optimization.

You may/may not place reasonable restrictions on the types of investments that may be purchased or sold in your account so long as the restrictions are explicitly set forth. We offer advice with respect to various products and types of investments. Our minimum account size requirement for opening an account with us: \$250,000.

For additional information, please see Items 4 and 7 of our firm’s ADV Part 2A.

#### Sample Questions:

- Given my financial situation, should I choose an investment advisory service? Why or why not?”
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

### Fees, Costs, Conflicts, and Standard of Conduct

#### What Fees Will I Pay?

For asset management services, you will pay an annual fee based on the total assets under management. The fee is payable quarterly in advance. For financial planning services, you will pay either an hourly fee, fixed fee, or an annual fee. Hourly fees are payable in advance. Our fixed fee is payable upon signing your agreement. Our annual fee for ongoing services is payable monthly/quarterly in arrears. Seminar and workshop fees are paid per course.

We charge an asset-based fee, which means that the more assets there are in the clients' advisory account, the more the client will pay in fees. As such, we may, therefore, have an incentive to encourage our clients to increase the assets in his or her accounts. You may pay additional fees, including custodian fees, fees related to mutual funds, and other transactional fees.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For additional information regarding our fees and costs, please see Item 5 of our firm's ADV Part 2A.

**Sample Questions:**

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

**What Are Your Legal Obligations To Me When Acting As My Investment Adviser? How Else Does Your Firm Make Money And What Conflicts Of Interest Do You Have?**

When we act as your investment adviser, we have to act in your best interest and do not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

Our asset management fee structure gives us the incentive to encourage clients to increase their assets in his or her accounts. Our firm's financial professionals include licensed insurance agents. In these capacities, our financial professionals may sell insurance products for a commission. They have an incentive to recommend these products to you in order to increase their compensation.

For additional information, please see Items 5 and 10 of our firm's ADV Part 2A.

**Sample Question:**

How might your conflicts of interest affect me, and how will you address them?

**How Do Your Financial Professionals Make Money?**

Our financial professionals are paid cash compensation as salary or bonuses based on their experience and roles at the firm. The owner is compensated based on the amount of client assets they service or revenue we earn from the financial professional's advisory services.
